APPLICATION

I am applying for a subject entrance examination waiver in the Admission Process for the Ph.D. Programme.

Reasons: I apply for one of doctoral study programmes taught in English, (with the exception of the programme Physics Education and General Problems of Physics), **I have chosen one of the thesis topics offered by the faculty and have obtained the approval of my future supervisor; moreover, I have fulfilled** at least one of the conditions below (tick as appropriate, or delete what is not relevant; awards, publications and other achievements are to be attached). Applications must be submitted by **no later than May 31, 2024**:

- 1) My original scientific work on a relevant topic has been published, or has been accepted for publication, in a reviewed medium indexed by MathSciNet, SCOPUS or ISI Web of Knowledge databases;
- 2) I have achieved excellent results in my master's study programme in the field of Physics, Computer Science, or Mathematics, corresponding to the field of the doctoral programme I am applying to;
- 3) I have achieved other remarkable results testifying my ability for doctoral studies.
