

## **I am Ilia Zavidnyi**

### **Why I run for SKAS**

I am not a hypocrite, so I tell you straight: I am planning on staying at MFF for my Masters, so naturally I want to make my experience more enjoyable

### **What I can promise**

Newstetter for all students about social events and hackathons such as Startup Night and GreenHack. Additionally I can offer help with registration and finding a team

Dedicated website with job oportunites for students

Organisation of workshops on website/mobile development for beginners

Recodex plugin for VS Code

### **If oppotunity arises**

Organise our own Hackathons, possibly with support from local and international companies

Organise and promote collaboration oportunites with students from other universities. For example, in scope of hackacthons or joint semester projects
