

ADAM HOLDA

FOR SENATE!

Who am I?

- ▮ 3rd-year Bc. CS student (AI specialisation)
- ▮ thrice representing MFF UK on Gaudeamus fair
- ▮ leader of ProStředoškoláky organisation

My election programme

- ▮ Active participation in SKAS and AS
- ▮ Support of student activities
- ▮ Clearer study information
- ▮ Accessible mental health care
- ▮ Weekend service for bus 187 and relocation of bus 201 stop in Troja

What does that mean?

I believe the role of a senator should be taken seriously – by attending meetings and taking initiative. I want to listen to your concerns and keep you updated on what's happening in SKAS and AS, which shape faculty operations and directly affect students.

I support student activities – from clubs and seminars to competitions. I want study-related information on the website (final, theses, scholarships, etc.) to be written clearly and accessibly for everyone. I also want to raise awareness of the psychological counseling services and improve their accessibility. Together, we can extend bus 187 service to weekends and move the bus 201 stop in Troja closer to IMPAKT.

Your voice matters!
