

# ŠIMŮNEK TAKES CARE

Hi! I'm Petr Šimůnek. I am a 3rd year PhD game dev student in computer science. I'm making a vrrm, vrrm videogame that has 3 million downloads on Steam and I'm running a business. I also organized camps for the high-school correspondence sem-minars. I've been advocating for your interests in the uni-versity and faculty senate for a year now.

## MY PROGRAM

An uncorrected exam/credit/homework within two weeks of submission will be automatically passed. Change PE to an optional course. Make it easier to reserve space for student activities. And, of course, fix what's bugging us all:

Eliminating physics practicums, English, and final exams. Beer in the canteen for 15 CZK, full glass, Pilsner, Kozel, Budvar, Uněťice, meals under 50 CZK, soup and salad for free. Modern dormitories for 1500 CZK per month, renovated, with linen change and minibar. Pillows, sofas and beds in all classrooms. Moving the Kuchyňka stop, introducing the line Tržka - Koleje 17. listopadu, Malá Strana, Karlov, Karlín, Hostivař. 187 will run every 3 minutes. Abolition of annoying polls. 4 more Impakt buildings and 5 more Biocenters. 4 microwaves and 3 kettles on all floors. Free menstrual supplies. Rest rooms in all buildings. SIS 7, Rehos 3. And everything else anyone ever promised. My motto: 'I'll take care of it for you!'

Now, on a serious note: I know all of this is bothering you, and it's bothering me too. I know about the students' problems and I want to solve them.

## MY WORK HAS IMPAKT!

### MY WORK

In the University Senate I busy myself with: Extraordinary audits of the economy, drawing attention to a multitude of conflicts of interest, submitting senatorial questions under §35 about the bros of the rector. In the Faculty Senate, our leadership is much more constructive. I mainly try to elevate student suggestions (emails, events, etc.) and inform others about the happenings at the rectorate.

## I'LL REWARD YOUR TRUST

P.S: MFF has a lot of vacancies on University Senate committees. You do not need to be a member of SKAS to be nominated for these positions. Feel free to get involved in what is going on at the university.
