Admission Procedure

Bachelor's Entry Requirements

The goal of the admissions process is to select from the pool of applicants those individuals who have shown the capability and diligence expected of Charles University students. To apply for the Bachelor of Computer Science programme given in English you must:

1. hold or be working towards a High School Leaving Certificate (Diploma) or its equivalent; in cases required by law, a certification of equivalence of education must accompany the application. If the applicant cannot obtain such document due to the external circumstances, it is possible to submit a declaration of honor;
2. Each applicant must prove that he/she is a holder of temporary protection in connection with the armed conflict in Ukraine (he/she proves a toleration visa D/VS/U or a temporary protection visa D/DO/xxx); the applicant must prove the fulfillment of this condition by July 31, 2022 in one of the following two ways:

> a) The applicant will personally present the stamp of the special visa/temporary protection sticker in the travel document, the Department of Student Affairs will make a copy and note that it matches the original, complete the date of making the copy and will sign it.

> b) The applicant shall send a simple copy of the stamp of the special visa/temporary protection sticker in the travel document stating that it corresponds to the original, the date of making the copy and the original handwritten signature (the signature need not be officially verified).

For variants a) and b), the copies must show who was granted temporary protection – i.e. in the case of special visa stamps, it is necessary to attach a page in the travel document with information about the holder of this document.

Please note that all required documents must be physically delivered to the Department of Student Affairs of the Faculty of Mathematics and Physics by July 31, 2022. If you do not deliver them as required, you will be neither accepted nor enrolled for Bachelor's studies.

Part of the admission procedure is also the verification of the professional and language skills of the applicants.

1. Study competencies shall be verified by an entrance examination.

2. Demonstration of language skills - applicants must prove sufficient knowledge of the English language

To submit your scores electronically, please use the following Institution codes:
TOEFL 3184
SAT 7249
ACT 6790
IB 000147

Entrance examination

For the Bachelor of Computer Science programme with specializations in Artificial Intelligence, Databases and Web, General Computer Science given in English, the exam is in written form. It contains 10 tasks from a secondary school mathematics. There are five possible answers to each task and the applicants indicate which are correct and which are

incorrect. The time to complete the exam is 75 minutes. It is possible to get 10 points for each task. The threshold for passing the entrance exam is 40 points out of 100 possible.

The student chooses a specific specialization until the end of the second year of study.

The entrance exam held in the alternative term has the same form and evaluation criteria as the entrance exam in the regular term. The applicants can apply for an alternative examination term only for serious medical reasons, which must be substantiated by a medical opinion. The Vice-Dean for Student Affairs decides on the permission to participate on an alternative date.

For the entrance exam, it is forbidden to copy from other candidates or to let another candidate to copy. Such an act is considered fraudulent and is subject to Section 67 of Act No. 111/1998 Coll. as amended. It is necessary to bring writing accessories for the entrance exam. The use of any other aids is not allowed during the entrance exam.

English Language Proficiency

An applicant must have an adequate command of English in order to enroll into an English-taught programme at Charles University. Proficiency in English may be demonstrated by one of the standard language tests listed below; any language test results should not be older than two years. Applicants who provide us with comparable qualifications demonstrating proficiency in English also meet our requirements.

The table below lists the various tests of English that we recognize, and gives the minimum score that should be obtained.

Information on the Admission Procedure

How to apply:

1. Take the standardized tests (SAT, ACT, TOEFL, …) and submit your scores. We strongly recommend that applicants complete their standardized tests in time.

2. Collect all required documents and information, including personal details (name, date and place of birth, citizenship, permanent address, correspondence address, email address, passport number), name and address of your secondary school, school leaving certificate and related documents, standardized test scores.

3. Fill in the electronic application form. If the electronic application is not duly completed and closed, it is considered that the application has not been submitted.

4. Submit the application online. If you have any questions regarding your application, please write to admission@mff.cuni.cz. Please make sure to upload with your application all required documents as specified above. For TOEFL, SAT, ACT and IB, you should have your test scores sent directly to Charles University, Faculty of Mathematics and Physics. Here are our institution codes: TOEFL 3184, SAT 7249, ACT 6790, IB 000147.

Please note that an application cannot be processed without the required documents having been received.
